Professional Summary

As a web developer with 3 years of experience, I have developed a solid foundation in designing, building, and maintaining dynamic websites and web applications. I am proficient in front-end technologies such as HTML, CSS, and JavaScript, with hands-on experience using frameworks like React.js.My back-end expertise includes working with Node.js, and Express.js, and managing databases like MongoDB. My commitment to staying updated with the latest web development trends and technologies ensures that I deliver cutting-edge solutions that meet and exceed client expectations.
